

I had prayed for a radio station offering music to encourage and support my faith in Jesus Christ, Lord and Savior to all who ask. I then discovered K-LOVE in our area and know that God blessed my request. K-LOVE (90.7) is the only radio station we typically listen to at home, our car, etc. We financially support K-LOVE as it is encouraging to find a wholesome radio station that is safe for my family and children without the threat of offensive programming. This is very important to me, my family and I believe to the community as well. It is a rare find in this world. Please do not allow LPFM service to force this desired station off the air.

A concerned listener,
